

TEXAS Watershed Steward

The Texas Watershed Steward program is a free, one-day educational workshop designed to help watershed residents improve and protect their water resources by getting involved in local watershed protection and management activities.

May 7, 2015:
1:00 pm - 5 pm

Kosse Community Center
200 Texas 14
Kosse, TX 76653

The workshop will provide an overview of water quality and watershed management in Texas. It will primarily focus on water quality issues associated with the Navasota River including efforts by the Texas State Soil and Water Conservation Board, Texas Water Resources Institute, and area residents to help improve water resources and the health of the surrounding watersheds.
