“TIPS from Wade” Ross, TSFR/CBO State Director

- ✓ **It is time to collect soil samples for Fall, Winter & Spring.**
- ✓ **Following this long drought, It is a must to fertilize immediately.**
- ✓ **Order seed early for Winter grasses. Also, you may need to ‘rough-up’ the grass a bit before seeding and use a drag after or alone with seeding process.**
- ✓ **All pastures need some type of recondition to restore your grass or forage.**
